Cross-Border Payouts for Global Businesses

With Transpay's Local Bank Transfers, your business can send mass cross-border payouts with ease, efficiency and transparency – directly into 95% of bank accounts worldwide.

HOW IT WORKS

Choose API or Web Access

Build a custom cross-border payout solution using our API, or choose Web Access to send cross-border payouts online via our self-service web tool.

Transpay Manages Payouts

Transpay manages all transactions from start to end. Simplify your global payouts by leveraging our more than 8 billion USD in purchasing power, and in-house expertise in Treasury and Compliance.

Recipients Get Paid

Pay your recipients the way they want to get paid – quickly and directly, in local currency, sent straight to their bank account or available for cash pickup.
